The Department of Plant and Animal Production

The Department of Plant and Animal Production was established in 1997 with the Field Crops program within the Kahta Vocational School of Harran University and started to accept students in the 1998-1999 academic year. It was affiliated to Adıyaman University in 2006.

Head of Department

Assoc. Prof. Dr. Gani Erhan TAŞAR

Academic Staff

Assoc. Prof. Dr. Gani Erhan TAŞAR

Asst. Prof. Dr. Muzaffer KIRPIK

Asst. Prof. Dr. Ceren Ayşe BAYRAM

Lecturer Miraç KILIÇ

Lecturer Zeynep Ruşen CAN

Department Secretary

Mihrican ÖZKAN

Mission & Vision

Mission

It is to teach universal knowledge to students who lead the way in providing university-public cooperation in our province and region, and are among the first among Plant and Animal Production departments in Turkey.

Vision

In the agricultural field; To be a nationally and internationally recognized and preferred department.

Importance of Plant and Animal Production

Due to the suitability of its ecological conditions, our country has a very important position among the countries engaged in agricultural activities in the world and is the gene center of many species and varieties. However, many species and varieties cultivated in the world can be easily grown depending on the appropriate ecology of our country, and Turkey is in a very important position in world agriculture with its species/varietal richness and suitable agricultural potential. In this context; Plant and Animal Production Department; It meets the need of qualified technical sufficient knowledge personnel who have and practice about the production of plant and animal products and their quality control, preservation and preparation for the market, and who can meet the research / development support and other personnel needs of the public and private sectors.

DEPARTMENT OF PLANT AND ANIMAL PRODUCTION BOOKLET 2021-2022

Why Department of Plant and Animal Production?

The agricultural sector has undertaken very important duties in the economic and social development of our country since the establishment of our Republic and has continued this duty until today.

- Ensuring the nutrition of the country's population,
- Contributing to national income and employment,
- The raw material needs of the industrial sector the reception,
- Capital transfer to industry,
- Contributing directly or indirectly to exports,

For such reasons, agriculture is an indispensable sector.

^{*}For elective courses determined by the Rectorate T+A/C \rightarrow 2+0/2 .

Activities

As the Department of Plant and Animal Production, our students make presentations with well-known faculty members in the country or abroad, faculty members/members of our department every year. In this activity, it is aimed to increase the student-academic relationship academically by giving responsibility to each student and each faculty member / staff. In addition, academic cooperation is developed by organizing activities such as excursions and catering for visiting faculty members.
