## Our Department

Banking and Insurance Program is a program belonging to the Finance, Banking and Insurance department, which was opened within the body of Kahta Vocational School in 2013. It has been a highly demanded program since its opening and has a high occupancy rate every year within the quotas determined by OSYM.

## **Head of Department**

Lecturer Abdulrezzak İKVAN

## **Academic Staff**

## **Department Secretary**

Mihracan ÖZKAN

## **Mission vision**

**Mission of the Department:** To train qualified intermediate staff who are competitive, participatory, self-improving and able to produce solutions that the banking and insurance sector needs.

**Vision of the Department:** Acting with an educational approach in line with the expectations and developments of the banking and insurance sector; To be a respected program that educates graduates who have analytical thinking and adopt ethical and cultural values.

2006

## **Importance of Finance, Banking and Insurance Department**

Depending on the economic developments, the market capacities of the finance and insurance sectors are increasing significantly. At the same time, these sectors have a locomotive role in the development and growth of the economy. Within the framework of economic developments, the needs of the relevant sectors for knowledge, skills, technical or technologically trained personnel are increasing in order to reflect their roles on the market. The Finance, Banking and Insurance Department fulfills an important task in the market by training the needed personnel equipped with both theoretical and practical training.

2006

## **Why Banking and Insurance Department?**

The turning of the economy wheel depends on ensuring confidence in the market. Finance, Banking or Insurance sectors take an important responsibility in ensuring trust in the market. Market conditions in the digital age are constantly changing and transforming, and the comprehensive and diversified financial or trust requirements of the market are met by professional staff trained in the relevant sectors. This situation can be shown as the reason why people who want to contribute directly or indirectly to production, employment, welfare or the economy in general prefer finance, banking and insurance departments.

## Job Opportunities of Our Graduates

Students who graduated from the Department of Banking and Insurance; they can find the opportunity to work in finance, banking, insurance sectors and related sectors. In this context, they can work in banks as customer service, cashier, individual or corporate loan specialist, BES specialist, accounting service staff. At the same time, they have employment opportunities in insurance sector professions such as technical personnel, brokers, actuaries and experts.

2006

## Our Highest and Lowest Placement Scores by Central Placement

According to the ÖSYS placement results announced by the Measurement, Selection and Placement Center Presidency in 2021, the students were placed in our department with the highest score of 258,28364, while the students with the lowest score of 183,78167 were placed. All 50 student quotas opened in total have been filled. 81 students continue their education actively in our department.

## **Finance, Banking and Insurance Department Activities**

As the Banking and Insurance Department, we invite sector representatives to the classroom environment at regular intervals and enable them to share their experiences with the students. We sometimes organize business trips to the relevant sectoral institutions or businesses in the vicinity in order to enable students to see the sector activities on site.
